Experience

Nail Artis/Magnificy beauty bar

Munich, Germany (Sept 2020-now)

· Designed and advised on various forms and tips for nail health.

· Recommended and sold in-store cosmetic products to the customers.

· Ensured customer satisfaction by implementing what they desired.

· Checked and restocked product inventory

Collaborative Design Project/TUM & Symbio(s)cene

(Oct 2020-Jan 2021)

· Collaborated and strategized knowledge exchange and co-creation processes between diverse disciplines focusing on design approaches.

· Cooperated with 2 groups of TUM students from different disciplines as project stakeholders and planned a virtual workshop on the Miro board which helped to execute the journey flawlessly.

Honors: Symbio(s)cene certificate of achievement "Visions for a Livable Future."

Design Management Project/Knorr-Bremse AG

(Mar-Jun 2020)

· Designed an in-house educational concept focusing on the benefits of certification to reach the goal of how

employees can be motivated toward the sustainable development goals (SDGs) of the company.

· Conducted a workshop with 10 employees on the Mural board to gather data, analyze, and discover users' needs.

Design Internship / SAIPA automaker Co.

Tehran, Iran (May-Sep 2017)

· Sketching car lights.

· Research about car aesthetics.

· Writing a handbook and making a PowerPoint presentation about aesthetics in car design.
